Fibre tray 1U 19" telescopic guide, front for 24 SC/LC-Dx 2x12 fusion trays
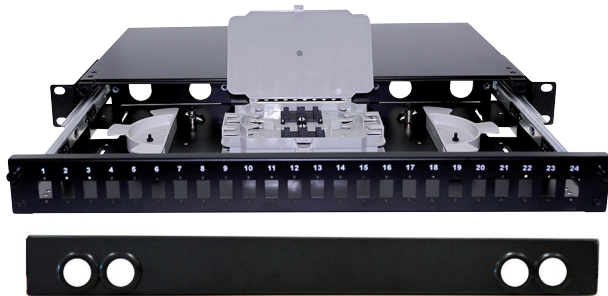

vista posterior

Interchangeable front panel 24 duplex adapters

Model	PFO-124
Ref.	8297
Manufacturing material	Rolled steel with electrostatic treatment
Cover	Telescopic front panel
Locking system	2 clamping pins
Rear ports (cable entry)	20 x 4 mm Ø
	Output ports (Front included)
Total splice capacity	Front panel 24 SC Simplex / 24 LC Duplex
Fibre routing guide	24 and 48 (mounting fusion)
Bending radius	Integrated in fusing tray
Radio curvatura	40 mm
Dimensions (mm)	Width	475 mm
	Height	45mm - 1U RACK
	Depth	245 mm
Colour	Black (RAL9005)
Heat-shrinkable splice protector	24 pcs (60mm)
Cable clamp	6 nylon cable ties
RACK fixing	4 plastic screws and washers M6 x 6mm
Accessories L for RACK	2
Packing dimensions	500 x 360 x 60 mm
Total weight	3 Kg

Model	FFO-024
Ref.	8296
Type	Front panel for 24 duplex adapters, interchangeable in tray PFO-124
Adapter duplex	ADF-104 (8291)

- 1U rack tray for fibre distribution in 19" rack.

- It has 4 inputs on the rear side to insert the fibre hoses.

- The front is interchangeable with other models such as FFO-024 SC duplex, FC or ST.

- The tray is built with a double telescopic guide, which allows it to be extracted in its entirety and thus facilitates the work of spinning, fusing and connecting the fibres.

- The rack fastening parts are extensible to move the tray forward or backward in the rack cabinet.
