## Power supply for mast-head preamplifiers

Switch mode power supply with two outputs. Quick fixing system.

Previous power supply  
with switch mode

Adaptable to  
standard boxes

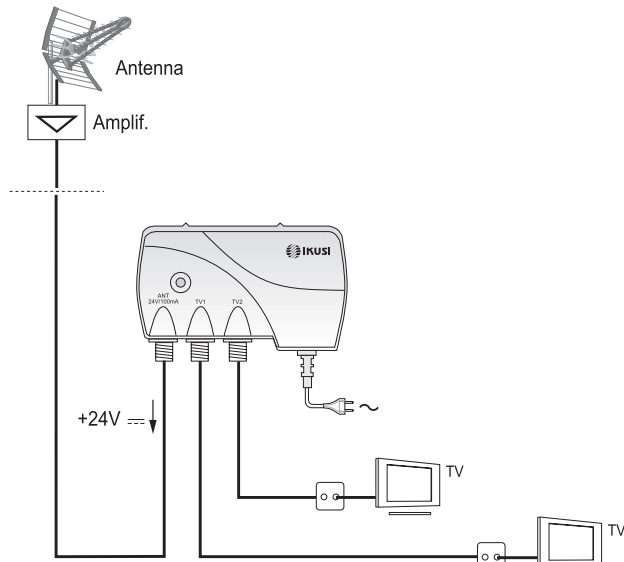

High efficiency  
Low temperature

**Power supply APB-124**

MODEL		APB-124
REF.		3432
Regulation type		switch mode
Outputs		2
Mains voltage (50 Hz)	VAC	230-240
Output voltage	VDC	+24 (±5%)
Max output current	mA	100
Frequency range	MHz	40 - 862
RF insertion loss	dB	≤ 4
Dimensions	mm	90 x 58 x 22
