

PFO-124 (8297) 1U 19" FIBRE TRAY WITH TELESCOPIC GUIDE WITH FRONT PANEL FOR 24 SC/LC-DX ADAPTERS. 2X12 FUSION TRAYS

Package contents:

- 1 telescopic fibre 1U 19" fibre tray
- 2 hinged fusion trays (2x12) with cover
- 6 flanges 74x1,8 mm
- 24 fusion protectors 45 mm
- 4 screw+nut+washer 15 mm packs
- 2 retainers

General characteristics:

- The Ikusi PFO-124 tray is built with double telescopic guide, which allows the tray to be extracted in its entirety and thus facilitates the work of spinning, fusing and connecting the fibres.
- Total splicing capacity 24 fibres or 48 at double height.
- It has 4 rear entries to fix the fibres with flanges.
- The front is interchangeable with Ikusi reference 8296 FFO-024 for mounting 8291 ADF-104 adapters.
- The rack fixing parts are extendable to move the PFO-124 tray forwards or backwards in the rack cabinet.
